Students are able to interact with the past faculty of the department and gain from their expertise and knowledge.• A lecture is organized in which eminent people in the field of plant sciences are invited. This introduces the students to the latest happenings in the world of plants. Keeping the above objectives in mind various departments in our institute have formulated events which serve as a platform where interaction, presentation of research by students is the main aim. <p>The Practice: I</p> <ul style="list-style-type: none">• Department of Botany has encourages the students to prepare models, posters on the themes are given. Students of the college are invited to present their work related to the theme of the event in the form of Paper, Posters, Models, Rangoli, Flower arrangement or Fruit art. The best presenters, posters, models are awarded which creates a positive competition in the students. Also, the students are able to interact amongst the peers which help widen their perspectives about the topic.• Evidence of Success Each year the participation of students has shown
