Wherever I go and whatever I do, some of my nostalgic moments of my university stay with me forever. In the course of my life when I move forward there are several things I left aside, but memories of this campus remains stitched to the edges of my heart, and at times when I swim along those memories it always cherishes and makes me to realize the importance of those days which have shaped Me well to face the real life challenges in this competitive world.

Even though I mastered the Corporate Secretaryship the true fact is, the alma mater made me master in several life lessons which even today help me to make things meticulous and perfect in my life. Normally the ranking of institutions happens with the materialistic value it creates in the life of its students and seldom has it taken the intrinsic value it creates in the life of its students. I inculcated and enhanced lots of inherent values from my teachers who not only taught corporate law and practices to me but also made me to learn those intrinsic values. For me the ranking of my university will stand first in the top order.

Today whatever I do as Practicing Company Secretary in my professional carrier at Chennai it's all because of the professors who guided me in the right direction of taking associated Company Secretary Course from ICSI New Delhi even while I was a student at the university. The excellent academic facilities and ambience, multi facet friendship, heritage campus, comfortable hostels, delicious food, expansive cultural activities, the unique competitions, talent shows and the temples around the campus and also my painting exhibitions along with my friend Mr. J. Kesavan has added multiple dimensions to the scholarly ambience that enabled to shape the real me as I am today.

It is a great pleasure for me to reach you via this mail. This is Gopinath P s who passed out of M A Corporate Secretaryship from this eminent University in 1991. I would say that this University and this course made me entering my professional life very soon after passing out in 1991.I could start my career in one of the top conglomerates during that time viz., Southern Petrochemical Industries Limited, popularly known as SPIC Limited. But the entry point was only because of Alagappa University, Corporate Secretaryship Department. Yes. It was through the Campus Interview as organized by them.Ihaving always had a lovely bonding with the University and it still continues. The faculty was an extraordinary team comprising of the eminent professors Dr. R. Neelamegam, Dr. S. Sudalaimuthu, Dr. V. Manickavasagam, Dr. V. Balachandran, Dr. Upalthus Selvaraj, Dr. P. K. Muthappan, Dr. S. Kaliyamorrthy who were always thriving hard to nurture the students for their wellbeing and their career.Though years have passed, the memory of University does not pass me.I am ever thankful for the great basement paved by Alagappa University and Department of Corporate Secretaryship for me through which I am now working as HR Operations advisor in one of the Global topnotch Companies, Microsoft, Chennai. I am wishing the University, Department of Corporate Secretaryship and its eminent faculty all the best.

Alagappa University, Karaikudi is where I spent 3 years of my University years pursuing MCS and M.Phil. C S and where I commenced my career, as a Teaching Assistant even before I even completed my M. Phil.

The first person I thank is Dr. Srinivasan, who actually guided me to join MCS as Ala. I am grateful to all my faculty members, right from our HOD Dr. Neelamegam, Dr. Manickavasagam, Dr. Sudalaimuthu, Dr. V.Balachandran, Dr. P K Muthappan and the Late Dr. M. Upalthus Selvaraj. Their teaching and guidance helped me in not only my academic achievements but also played a role in molding me to who I am today. **Immensely grateful to Prof. P. Ramasamy, the then Vice Chancellor who guided me to take up the Teaching Assistant post at my department, which made me realise my love for teaching.** The ability to understand and interpret law and understand business management including finance has helped me in my career whether it be in a corporate or at ICSI, and also right now in the Senior Management role in an MNC. My 39 classmates, many of whom I am still in touch with, my hostel friends, my juniors who also then went on to become my first students, all have given me awesome memories, which makes me look back at my years at my alma mater, fondly.
