Alagappa University, Karaikudi
Village Extension Programme (VEP)

Extension is an integral component of the academic programme of the Institute. It is envisioned in the ideals and enshrined in the objectives of the Institute. It remains the nucleus of teaching and research. An important component of extension is the 'Village Extension Programme'. The students and staff, under this programme, stay in a village for a period of three days and carry out various activities along with the people. The experience gained during this period would serve as a springboard for designing various activities to be carried out over a period of time.

The course is known as "Village Placement Programme". It is a field-based course conducted in a village for a period of 3 days at the beginning of the Third semester for all the programmes. Each student, at the end of the course will be evaluated for 100 marks.

The objectives of the Village Extension Programme are:

- to offer an opportunity to the students to understand the different facets of the rural community.
- to enable the students to comprehend and relate classroom learning to field realities.
- to facilitate the students to identify rural issues and problems.
- to share development information with the people
- to inculcate socially relevant values and responsibilities among the students
- to facilitate the initiation and sustenance of socially relevant programs/projects that benefit the rural community.

Activities carried out in Village Extension Program at O. Siruvayal

The Inaugural function of the three day Village Extension Programme (VEP) from 11th to 13th October 2018 has been held at Sivan Temple O.Siruvayal on 11th October 2018 at 9:30 a.m.

Dr. E.Ramaraj, Head, Department of Computer Science inaugurated the programme and given welcome address Dr.T.Meyyappan Professor, in same department was delivered keynote address and Dr.S.S.Dhenakaran delivered special address and quoted the goal of this VEP programme and its importance. Vote of thanks has been given by Dr.S.Santhosh Kumar Coordinator of the programme.

After a light tea and snacks, the students divided in to three groups. First group started cleaning process in Sivan Temple premises. After a lunch the second group of students started cleaning the temple outside premises and made pathway to access common toilet in nearby temple associated building. The third team made survey and the data collection is continued for three days. The overall sample data is collected.

Cleaning the Sivan Temple

As requested by the Head master of the middle school, the bushes and plants are removed in the play ground and compound wall is strengthened with sand and stone support. The cleaning process was continued for two day and front side of school premises are cleaned by students.

Cleaning the Middle School Campus

In second day, the swachh bharat awareness programme is done by group of students.

The Head Master, High school delivered welcome address and Dr.S.Santhoshkumar delivered special address about the importance of Swatch Bharat rankings of educational institutions and government initiatives taken by state and central governments for Swatch Bharath mission. The students from second year computer science students given poster presentation and explained the importance of cleaning and self-cleanness.

For girls school students, sexual abuse and good touch, bad touch counseling was given by computer science students.

After a small tea the medical camp was arranged in association with Lions Club, karaikudi and primary health center, O.Siruvayal.
