Organizing Secretary	:	Dr. A. Padmapriya
Details of Participants	:	120

The Department of Computer Science, Alagappa University organized a one day training programme on React Native & UI Software Framework in Collaboration with the University Business Collaboration Centre (UBCC) on 30th March 2022. The objective of the programe was to provide hands-on training on Mobile application Development using React Native to the staff members, research scholars and students. This training was very useful to the participants to create mobile applications using the React Native Platform.

Inauguration of the Function

The Programme was started with traditional fervour Dr.E.RAMARAJ Professor and Head Welcomed the gathering and Prof.N.ANBAZHAGAN, Special Officer Projects and Coordinator – UBCC presided over the function and delivered the presidential address. He said mobile application development is very important for today's online marketing in the world which was not easy earlier and there is a great demand for such profession. Nowadays many tools are available to develop mobile applications adaptable to all types of operating systems. So, students in Computer Science have a great opportunity to utilize mobile application development training for better placement.

Followed by the inauguration function the training sessions are given by the experts from Velsure Softech Solutions, Madurai. **Mr. P. Karthikeyan**, Senior Software Developer, and his team **Mr. SM. Ohm Ganesh Pandian** & **Mr. C. Muthukumaran** gave hands on training on React Native and UI Software Framework to the participants.

The Chief Guest **Dr. Suresh Palanivel, CEO**, Velsure Softech Solutions, Madurai delivered Valedictory address. He stressed the importance of learning React Native & UI Software framework and facility of creating and writing reduced code programming.
